Wirtschaft zur Burg

Situated by Lake Zürich, outside of the city centre, Wirtschaft zur Burg is a charming winegrower's house with a romantic garden that dates back to 1676. Boasting original architectural features, such as wooden paneling, green tiled stove and the authentic flooring, the venue is an ideal runway from modern and chic and is a place to enjoy a homey atmosphere. The internal structure is divided along three dining spaces throughout the house, each one with an abundance of character. The menu is defined as French classic, yet it does not miss some great traditional tastes either. The main focus is on good, fresh and local ingredients, to ensure quality and perfect tastes. Do not miss the seven-grain breaded Lake Zürich pike that is among the favorites of the venue.
